Did you know that you can upgrade your emergency dental cover?

If you currently subscribe to the Federation group insurance scheme emergency dental treatment is automatically included as part of your package of cover. You may not be aware that you can enhance the cover to include preventative and restorative treatment.

Good oral health is an important part of your wellbeing. Poor oral health can affect all areas of your life and gum disease has proven links with strokes, heart disease and pancreatic cancer. Healthy teeth and gums not only help to reduce the chances of suffering the pain and discomfort of gum disease but also help to cut the risk of contracting serious life threatening conditions.

No-one enjoys a trip to the dentist but with Columbus Dental Plan insurance in place at least you won't have to worry about the cost of keeping your family's teeth in great condition.

Dental insurance from just 18 pence per day

- Six levels of cover available from basic accident and emergency cover through to private treatments
- Accident & Emergency cover from only 18 pence per person per day
- Full reimbursement of NHS treatment costs from 38 pence per person per day
- Comprehensive private treatment cover from as little as 60 pence per person per day

Cover that suits your life

The Columbus Dental Plan covers adults up to the age of 74 years and gives you the opportunity to extend cover to your partner and dependent children. Children under 18 years of age receive free NHS treatment; however you can choose this insurance to protect against the cost of private treatment.

In addition to children under 18, dependants over the age of 18 years and up to 24 years of age can be covered under the policy providing they are in full time education. They must be on the same plan level as you have chosen.

Simply go to **www.devonandcornwallupgrades.co.uk** for more information, by downloading the member handbook, and to apply for cover.

If you do not have internet access, you can discuss this cover by calling
